### Notice of Intended Action

**Twenty-five interested persons, a governmental subdivision, an agency or association of 25 or more persons may demand an oral presentation hereon as provided in Iowa Code section 17A.4(1)"b."**

**Notice is also given to the public that the Administrative Rules Review Committee may, on its own motion or on written request by any individual or group, review this proposed action under section 17A.8(6) at a regular or special meeting where the public or interested persons may be heard.**

Pursuant to Iowa Code sections 17A.4 and 476.1D, the Utilities Board (Board) gives notice that on October 23, 2008, the Board issued an order in Docket No. RMU-08-6, In re: Amendments to Clarify the Status of Regulated, Deregulated, and Unregulated Telecommunications Services [199 IAC 22], "Order Commencing Rule Making."

The proposed amendments include a listing of all of the services the Board has deregulated and describes what services currently fall under rate regulation or service quality regulation or are deregulated by the Board. These amendments will help clarify the status of regulated, deregulated, and unregulated telecommunications services. The Board believes these amendments will provide a better understanding of the current regulatory status of various telecommunications services.

The Board does not find it necessary to propose a separate waiver provision in this rule making. The Board's general waiver provision in 199 IAC 1.3(17A,474,476,78GA,HF2206) is applicable to these amendments.

Pursuant to Iowa Code sections 17A.4(1)"a" and "b," any interested person may file a written statement of position pertaining to the proposed amendments. The statement must be filed on or before December 9, 2008, by filing an original and ten copies in a form substantially complying with 199 IAC 2.2(2). All written statements should clearly state the author's name and address and should make specific reference to this docket. All communications should be directed to the Executive Secretary, Iowa Utilities Board, 350 Maple Street, Des Moines, Iowa 50319-0069.

These amendments are intended to implement Iowa Code section 476.1D.

b. Deregulation resulting from 2005 Iowa Acts, chapter 9, section 1. Effective July 1, 2005, Iowa Code section 476.1D(1) was amended to deregulate the retail rates for most business and residential local

exchange services with the exception of single line flat-rated residential and business service rates, at the election of each telephone utility. The affected utilities opted for deregulation as follows:

(1) Approval of Qwest Corporation's replacement tariff. Qwest's replacement tariff removed the rates for most local exchange services from the tariff, with the exception of single line flat-rated residential and business service rates. Docket No. TF-05-167. Effective September 6, 2005.

c. Effect of deregulation. The precise extent of deregulation of any particular service depends upon the specific circumstances prevailing at the time of deregulation, as explained in each deregulation order. As a general statement, however, any service that is completely deregulated should be removed from the tariff of any company offering that service. Any service that is not subject to rate regulation but remains subject to other forms of regulation should remain in the company's tariff, but the rate should be removed. Any rate or service that remains in the company's tariff continues to be subject to board jurisdiction, regardless of any deregulation order.

ITEM 7. Amend subrule 22.2(3) as follows:

**22.2(3) Tariffs to be filed with the board.** The utility, including an alternative operator services company, shall file its tariff with the board, and shall maintain such tariff filing in a current status.
